Footnotes:

1. Multiple cell models of the single cell models above are also available but not listed.
2. Certification includes optional air inlet guides, suffix S, which require a 3% reduction in thermal capacity.
3. Certification includes optional low noise fan, suffix F, which is available on all models except DYNA-2822, -2922, -3030, -3137, -3145, -3645, -3755, and -3775.
4. Sample model number: DYNA-2919FS-2
 Where:

DYNA-29	=	Box size
19	=	Motor size
F	=	Optional low noise fan
S	=	Optional air inlet guides
-2	=	Number of cells
