Johnson Controls Air Conditioning and Refrigeration Fze.
York LSTE Line of CTI Certified Cooling Towers
CTI Certification Validation Number 05-13-03
July 15, 2011 (Revision 2)

LSTE Models

LSTE 5112	**LSTE 8P112**	**LSTE 8P124**	**LSTE 10112**	**LSTE 10124**
LSTE 5212	**LSTE 8P212**	**LSTE 8P224**	**LSTE 10212**	**LSTE 10224**
LSTE 5312	**LSTE 8P312**	**LSTE 8P324**	**LSTE 10312**	**LSTE 10324**
LSTE 5412	**LSTE 8P412**	**LSTE 8P424**	**LSTE 10412**	**LSTE 10424**
LSTE 5512	**LSTE 8P512**	**LSTE 8P524**	**LSTE 10512**	**LSTE 10524**
			LSTE 10612	
LSTE 5118	**LSTE 8P118**	**LSTE 8P136**	**LSTE 10118**	**LSTE 10136**
LSTE 5218	**LSTE 8P218**	**LSTE 8P236**	**LSTE 10218**	**LSTE 10236**
LSTE 5318	**LSTE 8P318**	**LSTE 8P336**	**LSTE 10318**	**LSTE 10336**
LSTE 5418	**LSTE 8P418**	**LSTE 8P436**	**LSTE 10418**	**LSTE 10436**
LSTE 5518	**LSTE 8P518**	**LSTE 8P536**	**LSTE 10518**	**LSTE 10536**
LSTE 5618	**LSTE 8P618**		**LSTE 10618**	**LSTE 10636**
LSTE 5718			**LSTE 10718**	

Footnotes:

1. The following suffixes (I, D, H, F, L, U, LI, LD, LH and LF) are to be added to the basic numeric model designations listed above to indicate the tower configuration options that are also included in the CTI Certification.
   - I = Intake sound attenuation
   - D = Discharge sound attenuation
   - H = Tapered Discharge Hood
   - F = Full sound attenuation
   - L = One motor size smaller
   - U = Two motor sizes smaller
   - LI = Intake sound attenuation + One motor size smaller
   - LD = Discharge sound attenuation + One motor size smaller
   - LH = Tapered Discharge Hood + One motor size smaller
   - LF = Full sound attenuation + One motor size smaller

2. The optional tower configurations are unique in capacity. Selection software should be consulted for appropriate ratings of the tower configuration.
