Performance and Technology Committee Meeting Minutes

2007 CTI Annual Conference - Corpus Christi, Texas

February 5-8, 2007

Tony DePalma - Chair
Dave Wheeler - Vice Chair
Gene Culver - Vice Chair

The Performance and Technology Committee met on February 5th and in break-out session on February 6th and 7th.

Each committee gave a brief summary of their progress to date.

Technology Document Review – Tony DePalma

There was nothing to report. No documents had been reviewed. Typically documents are reviewed during the Summer Workshop. The committee will obtain from the CTI office the documents which require a five year review.

ATC-107 Air Cooled Steam Condenser Test Code – David Wheeler

Dave announced that this document is now ready for Ad Hoc review. The P&T committee will be trying to find people who can review this document.

ATC-140 Drift Test Code – Ken Hennon

Work is continuing. Assignments, such as nomenclature and example calculations, were given at the Summer Conference and discussed at this meeting.

ATC-150 Acceptance Test Procedures for Wet-Dry Plume Abatement Cooling Towers – Paul Lindahl

Work is continuing and assignments were given.

STD-201 Standard for Thermal Performance Certification of Evaporative Heat Rejection Equipment – Frank Michell

Work is continuing. Committee passed a motion to accept the revisions to STD-201 through Appendix C.1.1. The committee will continue to seek other methods of flow measurement other than the coriolis meter.

STD-202 Standard for Publication of Custom Cooling Tower Thermal Performance Test Results – Paul Lindahl

Work is continuing and assignments were given.
