No.688, Wode Road
Economic and Technological Development Zone
Ji'nan, Shandong Province, China

Subject: Voluntary Withdrawal of CTI Cooling Tower Thermal Certification
Ji'Nan Chin Tech Thermal Technology Co., Ltd.
CTN Series Counter-flow Cooling Towers

Greetings:

This is to acknowledge that Ji'Nan Chin Tech Thermal Technology Co., Ltd. intends to voluntarily withdraw the CTN Series induced-draft, counter-flow cooling tower line from the CTI Thermal Performance Certification Program, as set forth in Certification Standard STD-201OM(15).

The CTN Series line had previously been assigned Certification Validation Number C91A-14R00. In accordance with CTI STD-201(15), the manufacturer:

- a. May use the Certification Label on all units from the certified line previously sold as CTI Certified, providing they ship within a 180 day period from the date of voluntary withdrawal;
- b. Shall not use the Certification Label on any new units sold after the date of the voluntary withdrawal;
- c. Shall remove all references to CTI Certification from the product brochures, published ratings, product drawings, and other literature pertaining to the withdrawn line within 120 days of the date of the voluntary withdrawal.

If there are any questions regarding the procedures listed above, please contact me.

Statement From Manufacturer: {note: this is an optional statement that may be provided by the manufacturer to explain why the line has been withdrawn. The following is an example...}

*“The voluntary withdrawal of the CTN Series counter-flow, induced draft cooling towers by Ji'Nan Chin Tech Thermal Technology Co., Ltd. completes the replacement of the line of towers with the redesigned **Chin Tech CTNX Series** counter-flow, CTI Certified cooling towers. See <http://cti.org/certification.php> for details.”*

Very truly yours,

Michael G. Womack, PE
CTI Thermal Certification Administrator
