Subject: Voluntary Withdrawal of CTI Cooling Tower Thermal Certification
Ryowo (Holding) Company, Ltd.
FDC Series Line of Counter-flow Cooling Towers

Greetings:

This is to acknowledge that Ryowo (Holding) Company, Ltd. (Ryowo) intends to voluntarily withdraw the FDC Series counter-flow, forced-draft, cooling tower line from the CTI Thermal Performance Certification Program, as set forth in Certification Standard STD-201OM(15).

The FDC Series had previously been assigned Certification Validation Number C27E-11R00 (originally 11-27-05). In accordance with CTI STD-201OM(15), the manufacturer:

- a. May use the Certification Label on all units from the certified line previously sold as CTI Certified, providing they ship within a 180 day period from the date of voluntary withdrawal;
- b. Shall not use the Certification Label on any new units sold after the date of the voluntary withdrawal;
- c. Shall remove all references to CTI Certification from the product brochures, published ratings, product drawings, and other literature pertaining to the withdrawn line within 120 days of the date of the voluntary withdrawal.

If there are any questions regarding the procedures listed above, please contact me.

Statement From Manufacturer:

“Ryowo has stopped production of the FDC Series line. Other CTI Certified cooling towers by Ryowo may be viewed at <http://www.ryowo.com> or the CTI Certification Directory website (<http://cti.org/certification.php>).”

Very truly yours,

Michael G. Womack, PE
CTI Thermal Certification Administrator
